**Re: Ex Parte Communication
WC Docket No. 07-135**

Dear Ms. Dortch:

Today, Charles McKee, Michael Fingerhut, Chris Frentrup and I, all of Sprint Nextel Corp., met with Al Lewis, John Hunter, and Jay Atkinson of the Wireline Competition Bureau to discuss traffic pumping. Sprint provided an update on its traffic pumping disputes, and urged the Commission to act expeditiously to put a halt to traffic pumping activity. Specifically, Sprint recommended that the Commission adopt a cap on average usage per line per month, above which BOC rates rather than RLEC rates would apply; and declare that revenue sharing is an unlawful practice and that LECs may not assess either access charges or reciprocal compensation rates on traffic subject to revenue sharing arrangements.

Pursuant to Section 1.1206 of the Commission's Rules, a copy of this letter is being filed electronically in the above-referenced dockets. If you have any questions, please feel free to contact me at (703) 433-4503.

Sincerely,

/s/ Norina Moy
